**General information**

The **20th International Conference on Cytochrome P450: Biochemistry, Biophysics and Biotechnology** (ICCP450) will take place at the Heinrich-Heine University Düsseldorf, Germany, during 27 to 31 August 2017. This meeting follows the tradition of the biennial international conference series that brings together scientists from all over the world in the areas of biochemistry, structural biology, pharmacology, drug metabolism, drug development, toxicology, and biotechnology.

<b>Number of participants</b>	<i>200 - 250</i>
<b>Origin of participants</b>	Europe, Asia, America, Australia
<b>Special interests</b>	state-of-the-art methodology and instrumentation (e.g. spectroscopic analysis, chromatography, cell cultivation, fermentation, structure analysis), laboratory equipment, scientific literature

## Information for Sponsors and Exhibitors

The scientific program of ICCP450 2017 consists of lectures with over 80 speakers, including many of the most influential scientists in the area. All invited speakers from 17 countries have confirmed their participation. For details about the scientific program and all conference related information please regularly visit our conference website at <http://20iccp450.hhu.de/>.

The ICCP450 in Düsseldorf offers a great opportunity for companies not only to extend contacts to their regular customers and partners from academia, but gives also a unique chance to present their products to new customers and to intensify networking with universities and research institutions.

As we are trying to attract as many young researchers as possible, we put some emphasis on raising supporting funds from exhibitors and sponsors and would be extremely grateful if your company could help us by contributing.

The following options are offered as general guidelines; however, we would like to emphasize that all packages are open to individual adaptations.

The complete exhibition area will be in the vicinity of the coffee breaks and poster sessions; so the communication between exhibitors and participants will be maximized. Electrical outlets, tables and chairs will be provided free of charge. Poster boards can be provided at a charge of € 50,00 per piece.
